

Met Escapes

Pieter Bruegel the Elder (Netherlandish, active by 1551, died 1569); *The Harvesters*, 1565; oil on wood; Rogers Fund, 1919 (19.164)

We invite individuals living with dementia, together with their family members or care partners, to take a break from the everyday with art at the Museum.

Through discussions, handling sessions, art making, and other interactive and multisensory activities in the galleries and in the classroom, we travel through time using the Metropolitan's collections spanning 5,000 years of world culture.

See the reverse for schedule.
